Requestor 5.8.1

Fixes

- Setting up a category for multiple services (INC-003415).
- Removing non-valid characters in email communication (INC-003411).
- Disabling sub-ticket creation in a closed ticket (INC-003409).
- Ability to search for prepared responses even in a new ticket that is created from a modal window (INC-003357).
